① On the occasion of the opening of the mountain district D. R.'s deputy conference, the district V. M. committee conveys this letter to Tông Bô.

Dear Tông Bô,

Since the V. M. movement led our people onto the road of national liberation, the revolutionary work in the D. R. mountain district has been developing favourably. In the field of propaganda, organization of national salvation associations, of self-defence units, training the self-defence fighters, buying, reading and supporting the newspaper, political training, teaching of national language, we have spared no effort and have gained promising results. However, we do not forget our shortcomings in training women cadres, in carrying out agitation and propaganda among enemy's troops, fighting terror... etc.

Why have we managed to gain such good results? It was because we have strictly followed the Tông Bô's directives.

Why did we make such mistakes? Because we did not or did not follow correctly those directives.

Undertaking this review we are determined from now on to try our best to strictly follow the Tông Bô's directives in order to improve the revolutionary work of the D. R. mountain district.

The Tông Bô has not only instructed us to work, but also introduced the V. M. reward to encourage us. That means the Tông Bô has resorted to all means to guide us. In response to such heartfelt attention of the Tông Bô, we, the entire members of the district are determined to try to work, especially to correct the shortcomings, with the aim to turn the mountain district of D. R. into a revolutionary citadel in C. D.

The V.M Committee of D. R mountain district

(2) Greetings to the foundation of the committee of the D. R district
Recently the associations for national salvation in the D. R
mountain district have held a deputies' conference.

The conference was in a good mood: as many as 28 letters
to greet the conference were received. The problems discussed
at the conference were in accordance with the situation. The persons
who were elected to the ~~central~~ executive commissions and the
deputies were the enthusiastic and loyal comrades. After
the conference for national salvation, then came the conference
to present the V.M reward. Canton B, the best of all, received
the reward. Those items were finished within one day, and
the deputies' conference of the D. R district was opened the
following day, which discussed many practical problems
that were useful to the expansion and consolidation of the
associations. Finally the conference elected the official district
V.M committee which would take charge of the work of the
district.

The newspaper would like to convey our greetings to
the newly-established district committee, and hope the
Comrades to try to fulfil the promise of the D. R district
V.M committee: "To turn the D. R mountain district
into a revolutionary citadel is C. B."

(3) Domestic News

Recently in Hanoi, Hai Phong, many people have proposed
to join the V.M and said: "The V.M's speculations are
by no means incorrect. When Japan had just arrived,

some people thought Japan was good. But the V.M said: "Japan is very brutal. Be wary of them!" Then Japan turned out to be really brutal, and some people said: "Japan is very brutal, but very powerful, how can we fight them. But the V.M said: "Japan will be weakened soon." Now it appears that Japan is weakening.

We were the ones who misunderstood that before, now Japan has been bombed everywhere, so we have become self-conscious and propose to join the organizations."

④ World News
