## Internal News

1. General Governor (Đô-Can) is really a fascist general in Indochina. When surrendering to Germany in Europe, Petin appointed (Đô-Can) as Governor General to Indochina to capitulate the Japanese in Asia. At present, the French people and the allied forces wipe out German forces <sup>out</sup> nearly <sup>all</sup> of the French land, Petin group escapes, the government of De Gaul is established already, but Đô-Can still surrenders to the Japanese as before.

In Europe, the De Gaul government puts in jails fascists who followed Germany before ~~that~~. The Governor General to North Africa who followed German and Petin are also put in jail. Even that, Đô-Can in Asia still follows the Japanese fascists to kill the Indochinese people.

Following the fascists' way like going to the hell.

Đô-Can will not avoid that fate -

2. - Be-no in (quê Núi Hải), ~~and~~ priests Cao Binh, Trần Tông and their cunning company recently deceived the people as = "Long ago, Tuan Bach had done bad things - He had forced the people to confess, then he got money - The government <sup>forced</sup> knowled and put Tuan Bach to go away. So now anyone, who has crimes with government, can confess freely without paying money". That is clever - Freely confessing means losing freedom in ~~the~~ jails -

3. - Some informants say that a man with name Đor-Nhi in Ha Duong Village, Hoa An district, a <sup>mean</sup> thief, has been sentenced to a year-jail for taking money from people.

Chanting on <sup>The first</sup> 3 persons leaving families to mountains for guerrillas activities.

" Leaving the country's enemy temporarily,  
Determining to restore all the home land,  
Ignoring persons abusing themselves for their  
interests  
Coming deeply into mountains to do freely."

Then plus they making them four:

" To have one will, <sup>the</sup> heroes must consolidate  
When the enemy attacks, four persons will  
win over fifty."

Chanting on they:

" How heroic they,  
With hot character (virtue) as Trung Phi,  
Can do anything he wants,  
Not afraid anything,  
Wholeheartedly for the nation and country,  
To be written for thousands of years "

There were many abnormal stories the fighting of guerrilla group.

" Thinking that they are enemy but they are friends,  
Two guerrilla groups meeting  
Attacking the Hungarian vehicles but that were  
German ones,  
Heroic persons win great victories "

Anyone wants those abnormal stories can ask the zone committee to take the articles for copying -

The others comrades try to follow!

### Discipline

Discipline is a rule of mass organizations that cadres and members must follow.

Everyone knows that if we want to win the Japanese - European fascists we must unite. Uniting in order to have power. Because of discipline, power can be obtained from unity. If there is no discipline, the associations for national salvation and Viet-Minh organizations do not mean unity. No discipline means cadres and members can do anything according to their will but not the directions of mass organizations and orders of their superiors. For example, the things that the mass organization told them not to do, but they did as when the Japanese - European fascists persuaded them to ~~confess~~ confess, the mass organizations told them not to do that, but someone still confessed. On the other hand, ~~the~~ things that the mass organizations told them to do, but they did not do as when the fascists terrorizing, the mass organization told them to be calm, not afraid and dispersed, but someone still feared and dispersed ~~on~~ all sides.

IV Not following discipline and listening to the mass organizations that as doing something bad for the national salvation and oneself.

Confessing means presenting oneself for the enemy. As the situation got so bad, but someone began to run on all sides that means showing oneself for the enemy to terrorize.

So, cadres and members must remember that joining the mass organizations ~~one~~ have to respect discipline and follow exactly <sup>the mass organizations'</sup> directions and superiors' orders.

### Letter to liaison persons of the journalists

Liaison persons are <sup>people</sup> ~~people~~ who keep contact among the journalists and cadres or members. The inter-provincial Committee has decided that each district, village, <sup>secret</sup> group and armed group ~~and zone~~, must choose one liaison person to introduce to the journalists - The liaison persons have those contacts:

- 1- To receive and distribute the "Independent Vietnam" newspaper, political documents for general training and ~~other~~ books given by the journalists. To organize copying and explaining those documents.
- 2- When doing the above-said works, if meet difficulties that could not overcome or find good experiences, should report directly to the journalists. If necessary, the journalists can give some suggestions.
- 3- To organize means of supporting newspapers.

The zone Committee must organize and carefully and quickly the above-said works. The journalists can fulfil their duty with the zone Committee's help.

## Precious Example of a White Man

The White Man is the poorest (minority) group among the Indochinese peoples. The group is also oppressed and exploited. <sup>seriously</sup> severely

Living in the jungle and <sup>on</sup> mountains, the White man people work very hard, but they do not have enough salt to eat and cloths to wear. They do not have <sup>out of wind,</sup> houses to live and when they become sick they can not find medicine. They are ignorant, but no one teaches them. They are countrymen in their own country but they do not have any right in administering their country. Being heavily oppressed, so the white man people listening to Viet-Minh mass organizations' call to unite together. Men, women, old and young <sup>persons</sup> of white man people are joining organizations of national salvation. Although terror of the Japanese European fascists, the White man people are still belong to the associations, ~~for~~ listening to cadres' words and doing associations' works.

Recently, following the mass organizations' call, the White man had lend some money to the organizations to spend on some urgent works in side the White Man area. By doing that, the White Man people had shown their serious ~~was~~ feelings on their national salvation works.

The journalists of "Independent Viet nam" congratulate and praise the White Man people for their active works.
