Editorial

The "Women in service Group" with the Liberation Armed Forces

In the cause of national liberation, the women have made an important contribution.

The soldiers on the front need a solid rear base in order to carry out the combat against the enemy. The women help the combatants ~~xxxxx~~, giving them a moral and material help so that they fight against the aggressors. Besides weaving fabrics, sewing the clothes, making shoes and producing for the Armed forces, they have taken part in the fighting too. They passed mountains and hills to bring timely supplies. The women's merits deserve to be mentioned in the history of Vietnamese national liberation.

We warmly welcome the contributions made by the women to the cause of the Independence and freedom of our people.

VIET NAM DOC LAP

In the Chu-Trinh province

①

OVER 20.000 people staged a demonstration in protest against the British mission

The movement for national salvation is rising. The population of the province Chu Trinh have recently staged a huge demonstration to protest against the British mission which has helped the French colonialists in causing troubles in Nam Bo. Over 20.000 people, including various nationalities and the Chinese residents went to the provincial capital, shouting slogans "Support to the Ho Chi Minh Government" "Protest against the British mission". The demonstrators swore to carry on the struggle against the aggressors till the final victory for the independence of Viet Nam.

Culture ②

As political cadres, the cultural cadres must set good examples for the masses in fulfilling their tasks. They have to guide them to make studies. The Government has set a limit of one year to liquidate the illiteracy. We must make great efforts to reach this goal.

⑧ TIEN QUAN CA ( Vietnamese national anthem )  
( the song of troops marching forward )

While saluting the flag, teachers must have this song sung by the schoolchildren, before ~~xxxxxxxx~~ goint into thei classroom.

World news ②
